Series editors' preface	viii
Preface	ix
<b>1 Introduction</b>	<b>1</b>
Background	3
Research on learning strategies	3
Theoretical background in second language acquisition	8
Overview of the book	13
<b>2 A cognitive theory of learning</b>	<b>16</b>
Background	16
Language as a cognitive skill	19
Representation in memory	20
Stages of skill acquisition	25
Complements to the stage-related theory of learning	27
Language comprehension	33
Language production	37
Learning strategies as cognitive skills	42
Definition and classification	43
Strategies as cognitive processes	47
Conclusions	54
<b>3 How cognitive theory applies to second language acquisition</b>	<b>56</b>
Background	57
Relationship of cognitive theory to specific constructs	68
Declarative knowledge	68
Procedural knowledge	73
Stages of skill acquisition	77
Conclusions	83
<b>4 Learning strategies: methods and research</b>	<b>85</b>
A framework for data collection on learning strategies	86
Objective of data collection	86
Language task	88

Temporal relationship	90
Informant training	91
Elicitation procedures	92
Individual versus group data collection	95
Multiple data collection procedures	95
Issues in the use of self-report data	96
Review of research on applications of learning strategies	98
Definition and classification	99
Descriptions of strategy applications	104
Validation of strategy effectiveness	107
Conclusions	112
<b>5 Strategies used by second language learners</b>	<b>114</b>
Study 1: learning strategies used by beginning and intermediate ESL students	114
Study 2: learning strategies used by foreign language students	123
Study 3: listening comprehension strategies used by ESL students	128
Study 4: longitudinal study of learning strategies used by foreign language students for different language tasks	133
Summary	143
Metacognitive and cognitive strategies	144
Declarative versus procedural knowledge	145
Stages of skill acquisition	147
Experts versus novices	149
Conclusions	150
<b>6 Instruction in learning strategies</b>	<b>151</b>
Issues in instruction	152
Separate versus integrated instruction	152
Direct versus embedded instruction	153
Instructional implementation	154
Student characteristics	160
Review of representative studies	165
Instruction in learning strategies for second language acquisition	165
Learning strategy instruction in first language contexts	167
Study 1: learning strategy instruction with students of English as a second language	170
Study 2: learning strategies taught by foreign language instructors	175
Conclusions	184

<b>7</b>	<b>Learning strategies: models and materials</b>	<b>187</b>
	Instructional models in first language contexts: strategic teaching	187
	Instructional models in second language contexts: the Cognitive Academic Language Learning Approach	190
	Theoretical framework of CALLA	191
	The components of CALLA	193
	CALLA lesson plan model	201
	Second language learning strategy training materials	204
	Learning strategy materials for adult language learners	204
	Learning strategy materials for content-based ESL	210
	Conclusions	212
<b>8</b>	<b>Summary and conclusions</b>	<b>214</b>
	Theoretical developments	214
	Research	220
	Definitional/classification studies	220
	Strategy description	222
	Validation studies	224
	Glossary	229
	References	235
	Author index	249
	Subject index	253
